KEY TO INFORMATION

COUNTY

Town

Company Name Phone Number
Business Address, Town Zip
Owner
Class: (See Below) Acres: (See Below) Sq. Ft.: (See Below)

Class - Type of Operation

- F**.....Florist - businesses not growing, but selling potted and flowering plants
 - G**.....Greenhouse - establishments growing plants in a greenhouse for resale
 - GC**....Garden Center - establishments selling plants and materials associated with the culture of plants
 - L**.....Landscaper - businesses involved in the installation of nursery stock with a holding area for plants
 - N**.....Nursery - establishments growing woody plants outdoors for resale
 - P**.....Perennials Nursery - businesses growing herbaceous perennial plants outdoors for resale
 - S**.....Store - retail establishments selling plant material

Growing Area

ACRES: ...nursery area, numbers listed in acres.
Sq. Ft.:.....greenhouse area covered by plastic or similar material, numbers listed in square feet.

Phone

Unless otherwise specified, the area code for all Maine numbers is (207).

Certification

This is to certify that plant producers and dealers included in this directory have been duly inspected and licensed to sell nursery stock in the state of Maine for the calendar year of 2001.

Further, if Maine plant producers and dealers are required to file a certificate of registration prior to doing business in another state, this certified directory should satisfy that requirement in lieu of a separate license from each Maine plant producer and dealer.

Maine Horticultural Laws

CHAPTER 404 ARBORIST LICENSING

SUBCHAPTER I NURSERY OWNERS AND DEALERS GENERALLY

7 § 2171. License required; fee; violations

A person, firm or corporation may not engage in or continue in the business of selling or dealing in nursery stock, as defined in section 2211, without first obtaining a license to conduct such business in this State. The State Horticulturist shall prescribe the form of the license. Upon proper application, a license must be issued in the name of the nursery owner or dealer and that license may not be transferred. Each agent and each store acting under a general agent or store must have a license as provided in this section. A license may be issued for a one-year, 2-year or 3-year period. Licenses for a period in excess of one year may only be issued with the agreement of or at the request of the applicant. The fee for a 2-year license is 2 times the annual fee. The fee for a 3-year license is 3 times the annual fee. [1999, c. 84, §3 (new).]

1. Fees.

1-A. Fees established by rule. No later than December 31, 1999, the Commissioner of Agriculture, Food and Rural Resources shall provisionally adopt rules

in accordance with Title 5, chapter 375 to establish fees for licenses issued under this section. Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter II-A. Fees established by rules adopted under this subsection may take effect no earlier than 90 days after the adjournment of the Second Regular Session of the 119th Legislature.

2. (Violations. Any person, firm or corporation engaged in the business of selling nursery stock without a license commits a civil violation for which a forfeiture not to exceed \$500 may be adjudged. Licenses may be revoked by the District Court, as provided in the Maine Administrative Procedure Act, for failure to comply with the requirements of chapter 405-A.

CHAPTER 405-A

HORTICULTURE

7 § 2211. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

1. Commissioner. "Commissioner" includes a designee of the Commissioner of Agriculture, Food and Rural Resources.

2. Greenhouse. "Greenhouse" means a structure covered with glass, plastic, fiberglass or other transparent material in which plants are cultivated in a controlled environment.

3. Nursery. "Nursery" means a place where nursery stock is produced, stored or offered for sale.

4. Nursery stock. "Nursery stock" means:

- A. Woody plants, including ornamental and fruiting trees, shrubs, vines and all viable parts of these plants; [1991, c. 785, §3 (new).]
- B. Herbaceous plants, including florist stock plants, annuals, perennials, vegetable seedlings, herbs, potted plants and all viable parts of these plants; and
- C. Any other plant or plant part designated by the commissioner. [1991, c. 785, §3 (new).]

"Nursery stock" does not include cut Christmas trees, wreaths, field crops, seeds, dried herbs and flowers and cut flowers.

5. Other materials. "Other materials" means material not included in the definition of "nursery stock," such as containers, seeds and cut Christmas trees.

6. Plant pest. "Plant pest" means any insect, mite, nematode, fungus, virus, bacteria, slug, snail or other form of aquatic or terrestrial plant or organism that may cause injury to a plant or that the commissioner declares to be a plant pest.

7 § 2212. Appointment of State Horticulturist

The commissioner shall appoint the State Horticulturist within the Department of Agriculture, Food and Rural Resources to carry out the provisions of this chapter.

7 § 2213. Inspections

1. Inspections of nurseries; sales prohibitions. Inspections of nurseries and sales prohibitions are as follows.

A. The State Horticulturist or an assistant shall inspect nurseries as determined necessary by the State Horticulturist. Nurseries must be accessible at reasonable times for inspection. If plant pests are found at sufficient levels to pose a threat to other horticultural establishments or the general public, the State Horticulturist may issue an order to embargo or detain the nursery stock. Upon issuing an order of embargo or detention, the State Horticulturist shall notify the owner of the nursery stock of that order. Within 10 days of receipt of notification, the owner may request a hearing to be held in accordance with the Maine Administrative Procedure Act.

The State Horticulturist may prescribe measures designed to control the plant pests. The State Horticulturist shall remove the order of embargo or detention if satisfied that the plant pests have been controlled. [1991, c. 785, §3 (new).]

B. A person may not offer for sale dead nursery stock or stock stressed by drying, excessive heat, excessive cold or any other condition that prevents the normal growth of the stock. A person may not offer for sale nursery stock that is subject to an order of embargo or detention.

2. Inspection of orchards, fields and gardens. The State Horticulturist or an assistant may inspect any orchard, field, garden or roadside in public or private grounds if there is reasonable cause to believe the area is infested with a plant pest that may be a threat to plants belonging to other property owners or to the health or safety of the general public. The State Horticulturist, after notice and opportunity for a hearing as provided in the Maine Administrative Procedure Act, may order the owner, occupant or person in charge to take any necessary action including the proper treatment or destruction of infested or diseased plants. If the owner of the property or a person having lawful custody of the plants does not comply with the written order, the commissioner may refer the matter to the Attorney General.

3. Inspection of other material. A person may request inspection of other material by the State Horticulturist prior to the movement or sale of that material. The commissioner may assess fees to cover the costs associated with those inspections. Funds generated from the fees must be deposited in a nonlapsing account and used to conduct the inspections.

7 § 2214. Shipments certified

Nursery stock shipped into this State from any other state, province or country must bear a certificate on each package stating that the contents were inspected by an authorized inspecting officer and that the contents appear to be free from plant pests. The State Horticulturist or an assistant may inspect, at the point of destination, all nursery stock coming into the State. If that nursery stock is infested with any plant pests, the State Horticulturist, after notice and opportunity for a hearing as provided in the Maine Administrative Procedure Act, may order the stock destroyed or returned to the consignor at the consignor's expense. [1991, c. 785, §3 (new).]

7 § 2215. Transportation of uninspected stock

A person, firm or corporation who owns, sells or transports nursery stock may not bring nursery stock into this State unless each package bears an unexpired official certificate of inspection that meets the requirements of section 2214.

7 § 2216. Violations

Any violation of this chapter or rules adopted pursuant to section 2217 is a civil violation for which a forfeiture of not more than \$500 may be adjudged.

7 § 2217. Powers and rules

The commissioner may adopt rules to implement this chapter.

01-001 DEPARTMENT OF AGRICULTURE FOOD AND RURAL
RESOURCES

Chapter 267: LICENSE FEES TO SELL NURSERY STOCK

SUMMARY: This chapter specifies fees for licenses required for businesses selling nursery stock in Maine.

I. STATUTORY AUTHORITY

The Department of Agriculture is authorized by 32 MRSA, section 1901, subsection 1-B to promulgate rules to establish fees for licenses to sell nursery stock.

II. DEFINITIONS

A. "Nursery stock" means:

- a. woody plants, including ornamental and fruiting trees, shrubs, vines and all viable parts of these plants;
- b. herbaceous plants, including florist stock plants, annuals, perennials, vegetable seedlings, herbs, potted plants and all viable parts of these plants; and
- c. any other plant or plant part designated by the commissioner.

"Nursery stock" does not include cut Christmas trees, wreaths, field crops, seeds, dried herbs and flowers, and cut flowers.

B. "Retail sales area" means the area occupied by nursery stock that is offered for sale to retail customers.

C. "Gross annual sales" means the total revenue generated from sales from each establishment location per year.

D. "Educational institution" means any public school or educational program,

any public post-secondary institution, any private school or educational program approved for tuition purposes if both male and female students are admitted.

III. FEES FOR OBTAINING A LICENSE TO SELL NURSERY STOCK

- A. An applicant who has a nursery stock retail sales area in excess of 150 square feet or gross annual sales of nursery stock in excess of \$500, shall pay a license fee of \$25 per year.
 - B. An applicant who has gross annual sales of nursery stock of \$500 or less and a nursery stock retail sales area of 150 square feet or less shall pay a license fee of \$5 per year.
 - C. Educational institutions are exempt from the license fee.
